Market Report and Some Meat to Chew On

I was confronted by a bunch of breeds claiming *The Stampede* and I were racists. I did not deny the racist statement. I told the confronters, that if the Indians had two newspapers, *The Native Sun* and *Dakota Times*, the Whiteman should be able to exercise our first amendment right of speech and "equal protection under the law" to have our newspaper, *The Stampede*.

It is a fact, most Indians have a little white blood in their veins. The blue eyed breeds, who make the allegation that they are at least 1/16 of an Indian, claim they are members of the tribe. The claim of being a breed can get a free Whiteman's Federal handout.

I have often said, if it were not for the Whiteman, the Indian would still be living in a tepee. In 1908 the United States Supreme Court in *Winters v United States*, 52 L. ed. 341 put "the tepee" claim in a politically-correct term.

"(T)he United States . . . has been enabled . . . to promote their civilization and improvement. The (reservations) were adequate for the habits and wants of a nomadic and uncivilized people. It was the policy of the government, it was the desire of the Indians, to change those habits and to become a pastoral and civilized people."

Obviously, the "good will" effort of the United States to convert the Indian into a "civilized people" pursuant to a Whiteman's standard is a flop. Just look at the back alleys of the metropolitan town of Pine Ridge and its surround-

ing areas. How would you like to be a Whiteman living in Pine Ridge?

A doctor in psychology, Dr. Kevin MacDonald, from the University of California at San Diego has written several books that prove the "good will" Indian/Whiteman assimilation attempt on the part of federal government is not a humanitarian thought. He proves the assimilation idea is a Jewish orchestrated attempt to pollute the Whiteman's genes. His last book, *Cultural Insurrections*, is a masterpiece, and should be in every Whiteman's and cowboy's library.

The Jews do not want another European uprising, which occurred in the 1930's in Germany. The Jews do not fear the mud races.

If one doubts this politically incorrect statement, get MacDonald's book. What MacDonald has taken 400 pages of footnoted history to clarify, I cannot explain in a page.

It is alright for a breed and Harvard graduate Naomi Schaefer Riley to suggest in her book, *The New Trail of Tears: How Washington is Destroying American Indians*, but if *The Stampede* suggest that the federal government has unconstitutionally established reservations on State jurisdictions pursuant to the "equal footing doctrine" and promulgated in the US Constitution, *The Stampede* is labeled a radical.

MARKET REPORT

The first weeks of December are preg testing weeks. Most ranchers are culling their herds, and there is a rush

of weigh-ups. The few operating Jew packers are plugged.

Also, December is the weaned calf run.

The weigh-up market is dropping at a clip of \$5 a hundred weight. Philip did support its market by paying up to \$61 a hundred weight for packages of utility cows. Most utility cows bought by the packer brought a top of \$56. The canner/cutter cow brought between \$50 to \$54. Almost all the bulls brought at least \$76.50 most at \$77 and up. The weigh condition on the bulls for the most part was full.

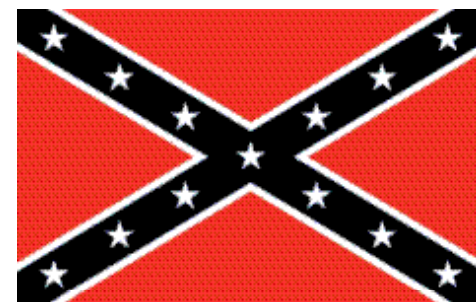

I went to weigh-up sales at Belle Fourche on Monday, Philip on Tuesday, back to Belle on Thursday, and St. Onge on Friday. Aside from the time it takes to confront the Indians, I don't have much time to write a current market report until after St. Onge goes to its last Saturday sale on December 17, 2016.

I mistakenly went to Crawford on Friday thinking the St. Onge weigh-up sale was on Saturday. I bought two loads of canner cows at Crawford costing \$45.04 for the first load and \$47.35 for the second load. A part load of cull broken mouth bred cows cost \$48.10 or \$560.85 a head. I will definitely be at the St. Onge weigh-up sale this coming Saturday.

The individual livestock auction sale pages do provide a current market report on most individual sales. The St.

Onge sale is sent to the printer immediately after the format is prepared by St. Onge on Saturday night or Sunday.
